NEOTech 2025 Call For Presenters Coming Soon!

NEOTech 2025 Website
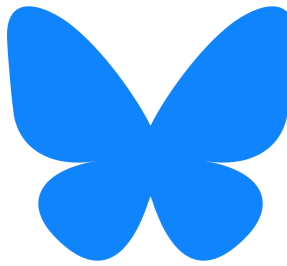

Educators can now request access to third-party apps for their students

Google Admins can allow educators and users who are over 18 years of age to request access to apps for themselves or on behalf of others (proxy requests). For example, admins may create a group of trusted users who are responsible for vetting third party apps and allow them to make proxy requests on behalf of students.

Games & Activities for Early Finishers

Live Webinar December 11th, 3pm-4pm EST
FREE & OPEN TO ANYONE!

Some students will finish their classwork much faster than anticipated, which can lead to a host of other issues. This session will explore many different educational activities that those early-finishers can do – like playing AI-powered games, learning about the arts through interactive simulations, and much more!
